

Ahtisham Ijaz

BS Computer Science

University of Azad Jammu and Kashmir (UJAK)

Email: ahtishamijaz55@gmail.com

LinkedIn: www.linkedin.com/in/ahtisham-ijaz-768213342

Personal Statement:

I am deeply passionate about advancing Artificial Intelligence, with a strong focus on Agentic AI systems, Retrieval-Augmented Generation (RAG), AWS and Large Language Models (LLMs). My current work centers on building reliable, state-aware, and production-grade intelligent systems that operate effectively in distributed environments. I aim to apply AI and NLP techniques to solve real-world problems in automation, decision support, and intelligent assistance.

• Research Area:

- Artificial Intelligence • Machine Learning • Natural Language Processing • Agentic AI Systems
- Retrieval-Augmented Generation (RAG) • Large Language Model Fine-Tuning

Academic Background:

BS Computer Science (2021-2025)

- Institute: University of Azad Jammu and Kashmir (UJAK), Pakistan (Kashmir)
- CGPA: 3.23/4.00 (CGPA)

Final Year Project:

RAG-based LLM Career-Counseling Recommendation System with conversational chatbot.

- RAG-based LLM Career-Counseling Recommendation System with conversational chatbot. Built embeddings, vector store, and retrieval pipeline to generate personalized career suggestions from user profiles and domain documents; implemented in Python and deployed via Flask with a frontend designed using HTML, CSS, and JavaScript. (BS Thesis)

Major Subjects:

- | | | |
|----------------------------|---------------------|------------------------|
| □ Artificial Intelligence | □ Data Structure | □ Software Engineering |
| □ Digital Image Processing | □ Operating Systems | □ System Programming |

• Research Work:

• Projects:

- **SecureOrder-Pro — Digital Employee System** (Agentic AI, Live on Hugging Face)

- **Industrial Agentic Customer Service AI** (Live on Hugging Face)
 - **LLM Fine-Tuning Project — Gemma 2B**
 - **MCP System Monitoring Agent** (Autonomous Monitoring)
 - **Enterprise RAG Counselor** (Thesis Project)
 - **Kidney Disease Classification** (MLflow + DVC Pipeline)
 - **Salary Prediction Model** (Machine Learning)
 - **Mental Health Prediction System**
 - **Cat vs Dog Image Classification** (CNN)
 - **Plant Disease Detection** (CNN)
 - **Stock Price Prediction** (LSTM)
 - **Loan Default Prediction** (ANN)
 - **AI Medical Chatbot** (RAG Based)
 - **LangGraph-based Chatbot**
 - **Autonomous Code Agent**
 - **VGG16 Image Classifier** (MLOPS,DVC)
 - **Lumina-NLP**
 - **Persistent Role Play interviewer(deployed on aws)**
 - **Ai Email Assistant Agent(deployed on aws)**
-

Professional Experiences:

[Career Profile:](#)

1. Organization: Genz Tech, Pakistan.

Designation: Internee Developer (June-August 2024) This internship was helpful in learning python programming and some of its libraries.

- Lab assistant | Dr. Syed Zaki hassan kazmi | 17/12/2024 - 20/04/2025 | Muzaffarabad , Pakistan
- As a Lab Assistant in the Machine Learning Lab, I was responsible for equipment handling and safety, managing lab sessions for junior students, and assisting in data preprocessing and model experimentation for research projects.

AI Engineer Intern — Metropolitan Warehouse & Delivery Corp. (USA-based)

- Developing and deploying AI/ML solutions to optimize operations, improve automation workflows, and support data-driven decision-making across the organization.

Professional Skills:

AI & ML

- Agentic AI Systems
- LangGraph (Advanced)
- LangChain
- Retrieval-Augmented Generation (RAG)
- LLM Fine-Tuning
- CNN, RNN (LSTM), ANN

MLOps & DevOps

- Docker, Docker Hub
- GitHub Actions (CI/CD)
- MLflow
- DVC
- AWS

Programming & Frameworks

- Python, C++, JavaScript, Node.js
- Flask, Streamlit
- HTML, CSS, Bootstrap

Databases & Tools

- ChromaDB, Vector Databases

- MySQL, MongoDB
- Power BI

IDEs & Platforms

- PyCharm, VS Code
- Jupyter Notebook, Kaggle Notebook
- Google Colab

Workshops and Certifications:

- Certificate of Basics of Artificial Intelligence under Uniathena (CAMBRIDGE INTERNATIONAL QUALIFICATION 17,MAY 2025).

- Certificate of Introduction to Data Science under CISCO (NETWORKING ACADEMY).

- Certificate of Basics of Data Science under Uniathena (CAMBRIDGE INTERNATIONAL QUALIFICATION).

- Certificate of Basics of Machine Learnings under Uniathena (CAMBRIDGE INTERNATIONAL QUALIFICATION 19,APRIL2025).

- Certificate of Basics of Python under Uniathena (CAMBRIDGE INTERNATIONAL QUALIFICATION).

- Certificate of MS Excel formulas and functions under Uniathena (CAMBRIDGE INTERNATIONAL QUALIFICATION 12,MAY 2025

Language proficiency:

- Pahari – Mother Language
- Urdu – National Language
- English
- Chinese Basic

Reference:

- Dr Umer Ijaz:
- Brother: Research Scientist, Hainan University, China. Worked in advanced scientific research and academic innovation at one of China's leading universities.

1. Dr.Syed zaki hassan kazmi

Assistant professor, Department of Computer Science
University of Azad jammu and Kashmir
(UAJK), Pakistan

Email: Zaki.mzd@gmail.com

(FYP Supervisor)

2. Dr. Syed Ali Abbas

Associate Professor/ Chairman,
Department of Computer Science
University of Azad jammu and Kashmir
(UAJK), Pakistan
